If you ever write a poem
Without an idea in your head
With precious little doing
And nothing to be said?
So if you miss your brain food,
Done up in choicest rhyme,
Just pass it by and look for
A double dose next time.

Banker D. B. Hampton, who spent
several days in jail at Winchester,
rather than give the names of two
of his friends who spent money un-
lawfully in the recent election, pur-
sued himself of contempt Tuesday by
giving their names, they having con-
sented for him to do so. The two
men indicted, entered pleas of guilty

Geo. H. Bixby, the Los Angeles

of immorality with girls. In the
trial it was brought out that At-

itable business in that line. In one
case against a wealthy architect who
compromised for \$2,500, Stevens kept
\$1,500 and paid the girl only \$1,000.

COMING HERE

Paducah and Owensboro Horses
To Be Entered.

Hopkinsville is right on the fair
circuit line and the entries for the
Pennyroyal Fair will include the fine
horses being shown at the Paducah
and Owensboro fairs, which are in
full blast this week. One of the big
attractions at Owensboro is the
enormous beef steer, which weighs
4,316 lbs. He was seen at the State
fair and will doubtless be shown here.

CAN'T KICK

Contestants Will All Have Fair
Play at Fair.

One of the numerous sensible
things that the directors of the Pen-
nyroyal Fair have done is their se-
lection of judges in many of the de-
partments. The men are not citi-
zens of Hopkinsville or of the coun-
ty and their decisions will be entire-
ly free from favoritism. No un-
successful contestant can accuse
them of prejudice and what they do
should go without murmur or com-
plaint. Here are the names of some
of them and their places of resi-
dence:

Starter in races, Judd Harlan, of
Marshall, Ill.

Harness and saddle horse rings,
Vic Robertson, of Harrisburg; Earl
Pendleton, of Horse Cave.

Mules and jacks, Harry Lazarus,
Bowling Green.

Dairy Cattle, T. R. Weber, Shel-
byville, Ky.

Beef cattle, hogs and sheep, E. S.
Goode, Lexington.

Poultry and pigeons, George Ew-
ald and H. A. Pickett.

Dr. D. P. Curry, who was with the
other physicians in the six weeks'
campaign in this county for better
health, has been employed to make
measurements in the better baby
contest.

grandchild of Mr. F. G. Petre died

Those who were brought to the
city for burial were: Mrs. Ada Cun-
ningham, from the South; Celine L.
Roper, Paducah; Chas. H. Button,

registering Tuesday. And be sure
you give your party affiliation. If
you do not you can't vote at the
primary next year, when a U. S.
Senator is to be chosen.

Cleveland Avenue since last Friday,
when she had a stroke of paralysis.
Her right side was affected and she

cage is 14 feet in length, the width
of a wagon bed and 6 feet high.

week. At the meeting of the Louis-
ville Conference Mr. Lyon was as-

another year.

Mr. Lyon got home from Camp-

ASSOCIATED CHARITIES

Directors Met Monday Night
and Organization Com-
pleted.

Many items of business were taken
up at the meeting of the direc-
tors of the charity organization Mon-
day night at the Avalon. Several
committees were appointed after
the organization was completed.
One committee is to secure a place
for permanent quarters; another to
get the Fiscal Court and the city
council to turn over to the associa-
tion the charity funds in their hands.
This would put all the charity work
in the hands of the association and
relieve those who have the matter
in their hands of a great deal of
responsibility.

Mrs. T. C. Underwood, Mrs. Ira
L. Smith and Mrs. Henry Frankel
were appointed a committee to
handle all charity cases pending the
establishment of permanent quar-
ters. The next meeting will be held
Monday night at the First Baptist
Church.

RESIGNATION

Of W. E. Williamson Makes
Changes at Postoffice.

There will be some promotion and
changes in the clerical force at the
postoffice, which has already begun.
This was brought about by the resig-
nation of W. E. Williamson, which
went into effect Wednesday.

Mr. Williamson has been in the of-
fice for fifteen years and has been a
most efficient man. At the time he
sent in his resignation he was acting
as utility clerk. He owns a farm in
Webster county and in a short time
will move there and begin farm life
in earnest.

O. E. Humphreys, who has been
acting as a substitute in the office
for some time, by Mr. Williamson's
resignation will be promoted to a reg-
ular place. Elbert Turner, another
clerk, will also be advanced.

Todd Co. Fair.

The Todd county fair opens at
Elkton today and closes Saturday.
The prediction is that Todd county
will be better represented at the
Pennyroyal Fair than any of the
other adjoining counties. Whether
this is true or not all who come will
be most heartily welcome.

POSTOFFICE

BUILDING

Was Before Officials at Wash-
ington Last Mon-
day.

GEORGE E. GARY WAS THERE

Forbes Mfg. Co. Will Probably
Be the Successful
Bidders.

The bids submitted for erecting
the postoffice building here were
opened at Washington last Monday.
Several bids were submitted, among
them that of the Forbes Mfg. Co.
George E. Gary went to Washing-
ton to look after the interests of his
company, whose bid was \$71,900.

The bid of the local company was
not the lowest, but Mr. Gary tele-
graphed Monday night that he was
not discouraged and hoped to secure
the contract by getting a reconsid-
eration of his bid.

Tuesday afternoon he wired an-
other message stating that he had
secured a rehearing.

The government, not many years
since, adopted an unchangeable rule
that all postoffice buildings shall be
built of limestone or sandstone. It
is most probable that our building
will be of limestone, as there are no
sandstone quarries in this section.

Mr. Gary in his first telegram em-
phasized that the new post-
office would be built, and the fact
that all the bids submitted were
within the amount appropriated by
Congress at the close of the last ses-
sion, leaves no doubt that work will
be begun as soon as practicable, pro-
vided the bids comply with the spec-
ifications in every detail. Mr. Gary
and the officials, after talking the
matter over, came to no definite
conclusion and the officials named
October 10th as the day for a final
consideration. The appropriation
was \$75,000. The Northern Con-
struction Co. and the George Beck-
ing Co., of St. Louis submitted a bid
for \$71,000 each, but the rating of
one of the companies may kill their
bid. The rating of the Forbes Mfg.
Co. is in the top notch.

Mr. Gary will get back today but
will return on or before the 8th to
secure the contract, which every-
body here would be glad to see.

REVIVAL MEETING

In Progress At The Second Bap-
tist Church.

at the Second Baptist church at Sev-
enth street and Kentucky avenue.
It began Sunday with Rev. J. A.

young preacher and is preaching a

ing burial expenses and a suitable
monument. The entire estate is
equally divided between her step-
son, S. W. Johnson, and Owen Per-
ry. S. W. Johnson is named execu-

THOS. E. WHITE

Well Known Saw Mill Man Died
Suddenly Tuesday.

Thos. E. White, the veteran saw
mill man, died suddenly Tuesday at
the home of George Marlow, in Trigg
county. He had been in that section
for two or three years operating a
saw mill from time to time, which
business he had followed for many
years.

Monday morning when he attempt-
ed to rise he fell in a spell resem-
bling apoplexy. He continued very
ill until the following morning, when
he died.

Mr. White leaves two sisters in
this city, Mrs. Bettie Overshiner and
Miss Lee White. Messrs. Alex and
Tom Overshiner are his nephews.
He was an industrious, hard work-
ing man, quiet and unobtrusive. He
seldom talked about his affairs and
his nearest relatives knew little of
his plans or possessions. He spent
most of his time in the country and
when he reappeared in the city had
little to say about where he had
been. He was not a member of any
church or fraternal order, but was
an honest, upright man. The body
was brought to the city yesterday
for interment in Riverside Cemetery.
Funeral services were held at the
residence of his sister, Mrs. Over-
shiner, on Ninth street, by Rev. Geo.
C. Abitt, of the Episcopal church.

Mr. White was a union veteran
and was recently granted an old age
pension. He refused for a long
time to accept a pension, but con-
sented to draw one in his old age.
He was 79 years old.

The Family Cough Medicine.

In every home there should be a bottle of Dr. King's New Discovery, ready for immediate use when any member of the family contracts a cold or cough. Prompt use will stop the spread of sickness. S. A. Stid, of Mason, Mich., writes: "My whole family depends upon Dr. King's New Discovery as the best cough and cold medicine in the world. Two 50c bottles cured me of pneumonia." Thousands of other families have been equally benefited and depend entirely upon Dr. King's New Discovery to cure their coughs, colds, throat and lung troubles. Every dose helps. Women Who Get Dizzy.

Every woman who is troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney troubles should use Electric Bitters. They give relief when nothing else will, improve the health, adding strength and vigor from the first dose. Mrs. Laura Gaines, of Avoca, La., says: "Four doctors had given me up and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitter. I did so, and they have done me a world of good." Just try them. 50c and \$1.00 at all druggists or by mail. H. E. Bucklen & Co. Philadelphia or St. Louis.

Probably Oldest Name.

It is quite wrong to assume that the name Smith is derived from the fact that the original bearers were workers in metal. In reality, Smith is a very old name, far more ancient than Anglo-Saxon. The oldest known bearers of the name were brewers, and it was in use many thousands of years ago in mighty Egypt.

Nothing Complimentary.

At a political meeting the chief speaker was a budding orator who loved to bask in publicity. Said the chairman, grasping the speaker by the arm on the conclusion of his long address: "Your speech was like a glass of good champagne"—here the chairman smiled pleasantly—"lots of froth and very dry."

Numerous Kinds of Fairies.

How many kinds of fairies were there? A good many. For an elf differs from a troll, who must not be confounded with a pixy. Then in addition there was the kelpie, the gnome, the brownie, the kobold, the nix and the urisk (a hairy Scotch spirit).

Daily Healthogram.

A cup of hot milk, stirred slowly just before retiring, often induces sleep. A brisk walk, half an hour or so before retiring, is another sleep producer. A moderate, comfortable bed, plenty of air and light, but sufficiently warm bedding, are other first aids to proper sleep.

German Newspaper Readers.

McLeansboro, Ill.—"About five years ago," says Mrs. John L. Drew, of this place, "I was afflicted with pains and irregularity every month. I suffered continually, was weak and despondent, and unable to do my house work. I took Cardui, and in one month, I felt like a new woman and worked hard all summer. I am now in perfect health and recommend Cardui to all suffering women." Every day during the past 50 years, Cardui has been steadily forging ahead as a result of its proven value in female troubles. It relieves headache, backache, womanly misery and puts fresh strength into weary bodies. Try it.

WHAT HE WOULD SAY.

The street-corner lecturer was waxing very eloquent on the social problem, and as a matter of elucidation he asked his audience:

"If you saw a portly gentleman, dressed in the clothes that you worked for, stepping from the motorcar that was produced by your labor, and smoking an Egyptian cigarette that you could be smoking, what ought you to say to him?"

There was silence for a moment, and then the piping voice of a lad at the back of the crowd replied:

"Have ye any cigarette pictures?"

WHICH WON?

Two Irishmen were arguing about which was the cleverer.

Electrify the Pupils.

They are using electricity in primary school education in Stockholm. Just how it is used does not appear, but we are told that the "classroom is subjected to electricity." And records are being kept to ascertain whether the electrically trained youngsters acquire the three Rs with greater precision and dispatch than those that are being brought up on sunlight, common sense and the rod.

A Gentle and Effective Laxative.

A mild, gentle and effective laxative is what people demand when suffering from constipation. Thousands swear by Dr. King's New Life Pills. Hugh Tallman, of San Antonio, Tex., writes: "They are, beyond question, the best pills my wife and I have ever taken." They never cause pain. Price 25c, at druggists or by mail, H. E. Bucklen & Co. Philadelphia or St. Louis.

Process Must Be Slow.

Apples and potatoes when frozen can be restored in good condition if they are thawed slowly. But when thawed rapidly they become flabby and soon decay. The carpets and other covering we place over plants in winter do not prevent their freezing and thawing, but they do prevent their freezing and thawing too quickly. Hence the benefit.

It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhea. The Clarksville Star says: Cave J. Hollis and Miss Georgia Moore were married at noon Monday at Winter's Restaurant by Squire Sam Kerr. Mr. Hollis is a popular young citizen of District No 14, and the bride is a charming young lady of Herndon, Ky., whom the groom has won for a life partner. They were accompanied by several relatives and friends who witnessed the ceremony in the dining department of the restaurant.

Forestry Notes.

The railroads of the United States use about 150,000,000 wooden ties each year.

Cadillac, Mich., is reported to be the foremost city in the country for varied and close utilization of forest products.

More than one-fourth of all the sheep in the eleven states nearest the Pacific coast are grazing on the national forests.

The national forest contains water power with an aggregate estimated capacity of 12,000,000 horse power, available for use under permit from the secretary of agriculture.

Much of the piling, wharf material, and lock gates of the Panama canal are made of greenheart, said to be the most durable wood known for these purposes, which comes mostly from British Guiana.

The western forestry and conservation association will hold its annual conference about December 15. This year it will meet at Vancouver, B. C., and will give its main consideration to the problem of forest fire prevention and control.

When to Relax.

Dr. Eugenia Hancock of New York says a woman should "positively relax during the noon hour." With the children demanding lunch, the telephone ringing, the grocery boy at the back door and an Armenian lace peddler at the front, not to mention the neighbor running in to borrow the lawn mower, this is very easy, of course.

"Doctor," said the desperate heavy weight, "give me something to make me weigh less." "That sort of thing merely makes you dangerously ill." "I don't care if it does." "Very well. But I can't see why you should go to all that trouble merely to make labor a little lighter for your palfreys."

Aid for the Invalid.

A stick of the right sort will help an invalid in many ways. It should be strong, yet light, with a stout iron hook on one end and a knob on the other. Memory Training for Witnesses.
It has been suggested that it would be a good plan for courts to enforce a loss of memory cure upon a large number of the witnesses who make their appearance in some of the big cases. Perhaps the correspondence schools would make a reduction for job lots and cut down on the fee.

WRITING THAT LETTER HOME

Duty That Daughter Should Never
Neglect, is the Assertion Made
by Newspaper.

When a daughter leaves home one
thing she should never neglect, one
thing there is with which no duty
or pleasure should interfere. It is
the letter to mother. It is not
enough that she send a postal card:
"Very busy. Will write soon."
Mother's letter should be a budget
of daily, even hourly, happenings. It
should be as far as possible a reflec-
tion of every thought and action in
the new surroundings.

Mother's box of letters! What a
treasure house of love! How she
guards it! How she dreams over it
and cries over it!

It is hard for a mother to let
her daughter leave the home nest,
so critical a moment it is in the
latter's life. The daughter should
strive to make the wrench less cruel.
There are hours at home after she
has gone that are happy or dismal
according to whether she is faithful
or careless in mother thought.

Never delay writing the letter
home. It is the call supreme. Do
all that you can to please your be-
loved and devoted mother. None
will ever be so appreciative, so sym-
pathetic, so forgiving, so under-
standing. No heart will ever beat
more true.—Chicago Tribune.

PROOF TO THE CONTRARY

"Mostly wimmen allus asks me
if I'm looking for work—"
"What of it?"
"An' yet dey sez wimmen ain't got
no sense of humor!"

GENIUS AND HAIR

Some inquiring creature has dis-
covered that the way to tell genius
is by the hair. True genius, de-
clares this investigator, is marked by
thick, curly, luxuriant hair, brown
or black in color, which never shows
any tendency to get gray before its
time.

According to this classification,
Samson and Ahab were the prize
packages of intellect in ancient Is-
rael, and Julius Caesar was little
better than an idiot. The records do
not seem to bear out this view, but
when facts and facts contradict each
other let facts perish.

WEBSTERS THANKSGIVING.

For all the happiness of life, which
has been so far exceedingly happy, I
desire to render the most devout
thanks to Almighty God. I thank
him for existence; for the pleasure
and glory of rational being; for an
immortal nature, and for all the
gifts of nature, the joy and the means
of improvement which has blessed
my earthly life; for the time and the
country in which I have lived; and
for these objects of love and affection
whose being has been entwined with
my own.—Daniel Webster's Note-
book.

IN THE STONE AGE.

"Here are sign words, professor,
on the wall of this cave."

"So I see."

"They tell, no doubt, a tale of
great historical value."

"Not exactly. This is just the
lease of the cave. Says the tenant
must pay forty clam shells per
month in advance and isn't allowed
to keep dinosaurs, pterodactyls or
saber-toothed tigers."

ITS CLAIM TO BEAUTY.

Ella—What a beautiful moon.

Stella—It doesn't look so to me.

Ella—You don't seem to realize
that the man in it is the only one
in sight.

SO DIFFERENT.

Gerard—The elephant is a pecu-
liar animal.

Gerardine—That's so; he hasn't
any collection of hotel labels on his
trunk.

Effect of One Bottle.

Grandall, Tex.—"After my last
spell of sickness," writes Mrs. Belle
Teal, of this city, "I remained very
ill and stayed in bed for eight weeks.
I couldn't get up, all this time, and
though my doctor came to see me
every day, he didn't do me any good.
I had taken but one bottle of Cardui
when I was up, going everywhere,
and soon I was doing all my house-
work." Cardui helps when other
medicines have failed, because it
contains ingredients not found in
any other medicine. Pure, safe,
reliable, gentle-acting—Cardui is the
ideal medicinal tonic for weak, sick
women. Try it.

WOULD HAVE ALL MEN DANCE

Nature's Universal Way of Showing
Emotion, According to Anna
Pavlova.

Beneficent nature, says Anna Pav-
lova in the Strand, intended that
man should dance. Little children
dance in happiness, in sorrow, in
anger. They dance about their
mothers in love. Youth dances glo-
riously in exhilaration. Age bows
and sways in grief. Every move-
ment or gesture of man that empha-
sizes thought has definite relation to
the dance.

Even animals and birds dance
from the motives that impel human
kind to this form of expression.

I might go on indefinitely about
the effect of dancing, its value and
its benefits, intellectual, spiritual and
physical. I believe, I know, that ev-
ery time we try to express a beauti-
ful thought we are uplifted.

By so much has our better and
higher self been developed and
strengthened. Life is a struggle for
self-expression, the dance is a medi-
um of expression for all.

Not every one can sing or play.
Few can write verse; and though in-
spiring and refreshing indeed, listen-
ing to music or reading poetry can
be but second-hand self-expression.

Though few can be poets or com-
posers or musicians, every one can
dance. And as an outlook every one
can appreciate dancing more read-
ily and deeply than other arts, since
real appreciation of art must be
largely subjective, and no form of
art is really felt unless it strikes a
sympathetic chord within us.

THREW AWAY SMALL FORTUNE

Next Time Young Lady Will Be Care-
ful as to What She Casts Into
the Ocean.

Sergeant James Moffit of the Sev-
enth police station is lamenting the
fact that his daughter, Helen, threw
away at least \$3,000 worth of amber-
gris. Miss Moffit was spending the
day at Watch Hill, and while stroll-
ing along the shore, picked up a
grayish substance somewhat larger
than a rugby football. Breaking off
a small piece she threw the rest back
into the water, saving a little out of
curiosity.

Sergeant Moffit took the sample to
a chemist, who analyzed it. He
learned that the chunk, weighing a
little over an ounce, was the finest
quality of ambergris and was worth
\$20. The piece which Miss Moffit
threw back into the ocean was worth
at least \$3,000, the chemist estimat-
ed.—Providence (R. I.) Dispatch to
the New York Sun.

INHERITANCE TAX.

The stork flew to the residence dis-
trict. Even as he flew an interna-
tional scene was being held in the
halls of purgatory. The spirits of a
Scotchman, an Englishman, a
Frenchman, a Dutchman and a dig-
nified old Quaker consulted with the
spirits of the madames from Italy,
Spain and Canada, and each, un-
asked, brought a gift—a nose here,
red hair there, a dimple, a pair of
crossed eyes, a bit of character, a
piece of temper, a weak lung, a re-
markable memory—truly, a queer as-
sortment! These they silently sent
to their great-great-grandchild.

And, behold! on earth a babe was
born, and the child was an American
boy!—Judge.

WILL END DISSECTION.

A new method of giving medical
students instruction, which will
largely obviate the necessity of dis-
section, will shortly be put into prac-
tice at a Philadelphia medical col-
lege. The process is based on the
recent discovery by a German scien-
tist of a fluid by the use of which the
human body can be rendered trans-
parent. The fluid, which is com-
posed of several oils, turns the flesh
into a sort of transparent jelly when
injected, enabling the student to
study the veins, muscles and bones
far better, it is asserted, than if they
resorted to the dissecting knife.

WILL SWALLOW ANYTHING.

According to old residents of In-
dia, the big snakes will swallow al-
most anything. Rubber balls, soft
hats, pipes and many other seem-
ingly unpalatable things have been
grabbed by the serpents. Hogs have
been known to swallow things con-
taining not a particle of nutrition.
A Bound Brook (N. J.) farmer not
long ago found at hog-killing time
that one of his big porkers had
swallowed a porcelain doorknob and
a box Nook's ark lost by his little
son a month before.

FISCAL COURT

Met Yesterday and Transacted Routine Business.

As next Tuesday will be registration day and the first day of the fair, the fiscal Court convened yesterday and will not meet again until the first Tuesday in November, unless it is called in special session.

At the morning meeting but little was done.

Owing to the absence of County Judge Knight Esquire J. M. Morris presided. All the Magistrates excepting F. F. Clardy were present.

The first matter brought before the court at the afternoon session was the application by Miss Jennie West, County Superintendent of Schools, for the payment of her salary monthly, instead of quarterly as heretofore. After discussion an order was entered that hereafter the salaries of the county officials who desire it, shall be paid monthly.

C. L. Dade, who was appointed to secure a loan of \$3,000 reported that he had negotiated a loan with the Planters Bank and Trust Co., the loan to run until the first of December. An order was issued that the loan be accepted.

The usual monthly claims were allowed and ordered to be paid out of funds on hand.

Several other matters of minor importance were brought up and disposed of.

WETS MOVE

For Another Vote in Crofton Precincts.

Petitions have been filed asking for a local option election in the Crofton precincts December 6. The territory embraced is now dry and the wets are calling for another election. The two petitions contain 105 and 80 names respectively. They will come before Judge Knight next Monday and a lively fight is in prospect.

SALARIES.

As Fixed By The Planters Protective Association.

Following are the salaries of the officers of the Planters Protective Association:

F. G. Ewing, general manager, \$7,000; James West, middle district manager, \$6,000; Jas. Coute, eastern district manager, \$6,000; J. H. Keys, western district manager, \$2,000; R. B. Carter, prize supervisor, \$1,400; county chairmen, \$500; W. W. Scott, president, \$500; J. B. Jackson, vice president, \$100.

Some of the smaller offices were consolidated or abolished, making a reduction of \$4,700 over 1912.

ERA COUPLE.

Married Yesterday In Clerk's Office By Esquire Fuller.

Miss Hattie Alma Ferrell and Mr. Wm. M. Clark appeared before County Clerk Stowe yesterday, between 12 and 1 o'clock and applied for marriage license, which was issued at once. Esquire B. F. Fuller was called and in the presence of about 25 witnesses, performed the ceremony. Two other magistrates, J. M. Morris and Waller Martin, attached their names to the license as witnesses. Mr. and Mrs. Clark are popular young people of the Era neighborhood.

Gracey Couple.

Milton Stewart and Miss Lutie Stewart, young people of the Gracey neighborhood, were married in the County Clerk's office yesterday morning, Rev. L. L. Spurlin officiated.

Licensed to Wed.

A marriage license was issued Tuesday to Elbert Oxlesby, of Hopkins county, and Miss Nina Sharber, of the Winn neighborhood, northeast Christian.
